

OUR HEROES NEED YOUR HELP

When you're in the back alleys of Baghdad with insurgent bullets raining down, you count on your friends at home to watch your back.

Sadly, our soldiers can't count on Illinois Senator Dan Kotowski for any help.

Dan Kotowski is the co-sponsor of a bill that would shut down the Illinois defense contractors who make the guns our troops rely on when the going gets rough.

Why would Kotowski do such a thing? Well, you see, Dan Kotowski doesn't like guns - any guns. So he has taken it upon himself to shut down our Illinois firearm manufacturers - and he doesn't care who suffers as a result.

Just where do *you* stand? Do you support Dan Kotowski? Or do you support our troops?

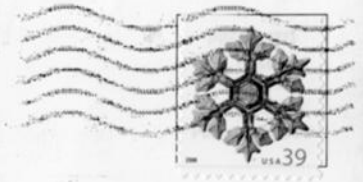

Call Dan Kotowski, today, at [REDACTED] and tell him you oppose SB16 because you want our soldiers to come home alive.
